

U.S. Commercial Service Buyer Delegation IFAI Specialty Fabrics Expo 2013 and Advanced Textiles Conference

Please join the U.S. Commercial Service led buyer delegation to the IFAI 2013 - Specialty Fabrics Expo and Advanced Textiles Conference & Trade Show.

About the show:

The annual IFAI Specialty Fabrics Expo 2013 is the largest specialty fabrics event in the United States with the presence of 5,500+ industry professionals, and more than 400 exhibitors. The IFAI Specialty Fabrics Expo will display wide range of specialty fabrics, advanced textiles, fibers, films, composites, equipment and technology services covering such major markets as fabric structures, shading, environmental, geosynthetics, safety, medical, military, marine, upholstery, transportation, filtration and agriculture.

To maximize opportunities in niche specialty fabric markets and meet the needs of the top level of the industry supply chain, this year's IFAI Expo is comprised of three integrated trade shows: IFAI Specialty Fabrics Expo 2013, Specialty Printing & Imaging Technology – SGIA Expo 2013, Advanced Textiles Conference & Trade Show. By combining three shows-in-one, IFAI provides an excellent venue for networking with the sellers, buyers and prospect customers.

Website: <http://ifaexpo.com/>
